

[Audio TC meeting December 7th 2006](#)

### **Attendees :**

- Xavier Moghrabi (XM -Inria)
- Jacques Cayuela (JC - Bull)
- Francois Letellier (FL - Objectweb)
- Christophe Ney ( CN - WAnager)
- Laurent Laudinet ( Thales)
- Nicolas Pays (Thales)
- Viet (Thales)

Platform Migration Target : April (Xavier Moghrabi departure) Machines must be transported and installed before end of february (better in january). The new webmaster can work remotely with Xavier.

INRIA ask thales to provide a 32 bits machine under Debian in native mode or emulation (virtualization)  
Need for a project plan and action plan.

### **Hosting**

FL : the current site will be available (600 pages + archives + GPL licence) Remark : 1 year from and of the year 2007 When the site is frozen 3 more years (GPL license). Life time of ObjectWeb V1 site : 4 years.

### **Content transfer**

Potential risk on content transfert.

Who is the editor ? Inria responsible for Web site, Inria can delegate to ObjectWeb V2, which delegates this action. IP audit Thales take the action : an exercise has been done on the federId project in which Thales is involved (Qualipso). Next step
