

The open source community for infrastructure software

Mission The mission of OW2 is to develop an open source code base of middleware and infrastructure software and to foster a vibrant community and business ecosystem. Our key values are: Openness, Trust, Fairness, Transparency and Independence.

Table with 2 columns: Year, Milestones. Rows from 2002 to 2015 detailing OW2 Consortium announcements, local chapter launches, and various projects like CHOReOS and Open Cloudware.

Activities *Projects:* OW2 hosts more than 100 open source infrastructure projects, including ASM, Bonita, CLIF, CompatibleOne, DocDoku, Emerginov, erOCCL, JOnAS, JORAM, Lutece, Nanoko, OpenCloudware, OpenPaas, ProActive, SpagoBI, Talend Studio, WebLab, XLcloud, XWiki. *Initiatives:* Collaborative activities to address integration requirement in domains such as Big Data, Future Internet Software and Services and Cloud Computing, Privacy and Security. *Local Chapters:* OW2 is building local chapters in Europe, China, Brazil and North America to help reach communities and develop relationships in regions characterized by different languages and geographies.

Governance OW2 operations are carried out by the **Management Office (MO)**, a permanent professional team. The team handles matters regarding general affairs, technology management and ecosystem development. The strategic decisions are made by the **Board of Directors** which represents the community. The Management Office and the Board of Directors are assisted by the **Technology Council**.

Table with 4 columns: Membership as of August 2015, Strategic Members, Corporate Members, and a list of member organizations including City of Paris, Edifixio, Edson Queiroz, etc.

Benefits *OW2 for software developers and systems integrators* : OW2 is a catalyst for growth. The Consortium improves time-to-market and provides business opportunities and technology guidance. *OW2 for end-users:* OW2 helps end-users implement their open source strategies by significantly reducing both their technology and legal risks and by providing investment protection.
