The OW2 Open Source Community largely represented at Open Source Experience in Paris

On November 8 and 9, OW2 is visible both on a dedicated booth and in the whole exhibition area with no less than 13 exhibitors being active members of the community!

Paris, France, November 3, 2022 – OW2, the community promoting open source software for information systems announces its presence at Open Source Experience 2022 taking place on November 8-9 at Palais des Congrès in Paris. The whole OW2 community is highly represented at OSXP with the presence of no less than 13 OW2 members in the exhibition area.

On the OW2 booth (#C16), visitors will discover three OW2 corporate members and two initiatives:

- **FusionDirectory** the Identity Management Solution (IAM) presents its new marketplace.
- **Xwiki** presents the latest news about its knowledge management platform and about the collaborative suite Cryptpad.
- **Morphemic** demonstrates its multicloud optimization platform.
- The **NGI Search** H2020 project presents the financial support to be offered to innovative software for searching and discovering data on the internet.
- The **Good Governance Initiative (GGI)** talks about its methodological framework to help organizations to structure the use of FOSS towards an OSPO.

The other OW2 members will on their side be showcased on their own booths: Alter way, BlueMind, Centreon, FactorFX, Huawei, Inria, Microsoft, PrestaShop, Smile, Worteks.

In addition with the exhibition, the OW2 community is also visible in the conferences through the participation in three round tables:

- “Develop OSPOs with the initiative Good Governance”, on November 8, from 11:10 to 11:55.
- “Open Governance in large organizations”, on November 8, from 17h45 to 18h15.
- "Risks and opportunities for European open source vendors versus IT giants", on November 9, from 15:30 to 16:15.
